

## SAFETY DATA SHEET

# PP 600, primer.

The safety data sheet is in accordance with Commission Regulation (EU) 2015/830 of 28 May 2015 amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

### SECTION 1: Identification of the substance / mixture and of the company / undertaking

Date issued	12.11.2014
Revision date	22.02.2019

#### 1.1. Product identifier

Product name	PP 600, primer.
Article no.	60010, 60012, 60014.

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Product group	Flooring.
Use of the substance / preparation	Primer for self levelling underlayments and toppings. Indoor or exterior applications. Not for construction molding etc. Always get advice from supplier before considering other use than recommended.
Uses advised against	Consult the publisher of this sheet if other than recommended uses are considered.
The chemical can be used by the general public	Yes
The chemical is used by general public only	No

#### 1.3. Details of the supplier of the safety data sheet

Company name	Combimix AB
Postal address	Verkstadsvägen 6
Postcode	S-746 40
City	BÅLSTA
Country	Sverige
Telephone number	+46 17146 65 90
Email	<a href="mailto:miljo@combimix.se">miljo@combimix.se</a>
Website	<a href="http://www.combimix.se">www.combimix.se</a>
Enterprise No.	556614-8929

## 1.4. Emergency telephone number

Emergency telephone	Telephone number: +46 8-331231 Description: Swedish only.
Identification, comments	+44(0) 8703 330070 Office hours only (08.30-17.00 UK time)

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

CLP classification, comments	Not classified
CLP classification, notes	Not classified
Substance / mixture hazardous properties	None known.

### 2.2. Label elements

Tactile warnings	No
Child-protection	No

### 2.3. Other hazards

PBT / vPvB	No such ingredients in this product.
------------	--------------------------------------

## SECTION 3: Composition / information on ingredients

### 3.2. Mixtures

Substance	Identification	Classification	Contents
2-Amino-2-methylpropanol	CAS No.: 124-68-5 EC No.: 204-709-8 Index No.: 603-070-00-6	Eye Irrit. 2; H319; Skin Irrit. 2; H315; Aquatic Chronic 3; H412;	< 1,5 %
Description of the mixture	Mixture of styrene acrylate polymer and water.		

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

General	By avoiding direct contact with the product most discomforts will be prevented.
Inhalation	Move person to fresh air.
Skin contact	Remove contaminated clothes and wash before reusing. Wash skin with soap and water.
Eye contact	Do not rub eyes. Remove contact lenses if present, and easy to do. Flush eyes by rinsing with plenty of water. Seek medical attention if irritation persists.
Ingestion	Do not induce vomiting. Drink water. If discomfort persists call a physician.

### 4.2. Most important symptoms and effects, both acute and delayed

General symptoms and effects	Data lacking.
Acute symptoms and effects	None.

Delayed symptoms and effects	Data lacking.
------------------------------	---------------

#### 4.3. Indication of any immediate medical attention and special treatment needed

Separate first aid equipment	See to that eyewash equipment is easily accessible when working with the product. When contacting a physician, take this safety data sheet with you.
Other information	Vid misstanke om kvarstående problem ska läkare kontaktas.

### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

Suitable extinguishing media	The product is non-combustible.
Improper extinguishing media	Not known

#### 5.2. Special hazards arising from the substance or mixture

Hazardous combustion products	In case of fire, harmful flue gases can develop.
-------------------------------	--

#### 5.3. Advice for firefighters

Personal protective equipment	In case of inadequate ventilation wear respiratory protection.
-------------------------------	--

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

General measures	Avoid direkt contact with the product.
Personal protection measures	Covering clothes.
Protective equipment	None in particular.
For emergency responders	Covering clothes.

#### 6.2. Environmental precautions

Environmental precautionary measures	Avoid spreading to sewers, drainage systems, streams and similar.
--------------------------------------	---

#### 6.3. Methods and material for containment and cleaning up

Clean up	Use absorbent material for wet product. Collect in suitable container.
----------	--

#### 6.4. Reference to other sections

Additional information	See section 13 for waste disposal.
------------------------	------------------------------------

### SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

Handling	Avoid eye contact, transport in sealed container.
----------	---

## 7.2. Conditions for safe storage, including any incompatibilities

Storage	Store frost-free and out of reach of children and pets.
Conditions to avoid	Not determined.

## 7.3. Specific end use(s)

Specific use(s)	See section 1.
-----------------	----------------

## SECTION 8: Exposure controls / personal protection

### 8.1. Control parameters

Other Information about threshold limit values	Not determined. No TLV or TWA values established.
--	---

### 8.2. Exposure controls

#### Safety signs

### Precautionary measures to prevent exposure

Appropriate engineering controls	No special precautions.
----------------------------------	-------------------------

### Eye / face protection

Suitable eye protection	Tightly sealed goggles
-------------------------	------------------------

### Hand protection

Suitable gloves type	Hand protection not required. Suitable gloves.
----------------------	--

### Skin protection

Skin protection remark	Covering clothes.
------------------------	-------------------

### Respiratory protection

Respiratory protection, comments	Vapors are not considered dangerous.
----------------------------------	--------------------------------------

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

Physical state	Liquid.
Colour	White.
Odour	Not known.
pH	Status: In delivery state Value: = 8,5 - 9,5

## 9.2. Other information

### Physical hazards

Miscibility	Miscible with water.
Content of VOC	Method: These values are calculated according to following VOC definition: any organic compound having a boiling point less than or equal to 280 °C measured at a standard pressure of 101,3 kPa. Comments: Estimated VOC content of product as supplied is 16,04 g/L Estimated VOC of product without water is 34,5 g/L.

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

Reactivity	Solidifies to a soft plastic-like film
------------	--

### 10.2. Chemical stability

Stability	Stable as long as properly stored.
-----------	------------------------------------

### 10.3. Possibility of hazardous reactions

Possibility of hazardous reactions	None to expect.
------------------------------------	-----------------

### 10.4. Conditions to avoid

Conditions to avoid	None in particular.
---------------------	---------------------

### 10.5. Incompatible materials

Materials to avoid	Not known.
--------------------	------------

### 10.6. Hazardous decomposition products

Hazardous decomposition products	None.
----------------------------------	-------

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

#### Other information regarding health hazards

General	Not considered hazardous. Long term or frequent exposure can cause dry and irritated skin to sensitive people.
Skin contact	Not considered hazardous. May cause irritation to sensitive people.
Eye contact	May irritate eyes.
Ingestion	Discomfort and irritation of the digestive system if you swallow large amount (a mouth full).
Sensitisation	Not considered as sensitizing.

## SECTION 12: Ecological information

### 12.1. Toxicity

Ecotoxicity	Not classified as hazardous to the environment.
Aquatic, comments	Not classified as hazardous to the environment.

### 12.2. Persistence and degradability

Persistence and degradability, comments	Not relevant.
---	---------------

### 12.3. Bioaccumulative potential

Bioaccumulation, comments	Not relevant.
---------------------------	---------------

### 12.4. Mobility in soil

Mobility	Not relevant.
----------	---------------

### 12.5. Results of PBT and vPvB assessment

PBT assessment results	No such ingredients.
vPvB evaluation results	No such ingredients.

### 12.6. Other adverse effects

Environmental details, summation	Not considered ecotoxicological.
----------------------------------	----------------------------------

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Specify the appropriate methods of disposal	Transport in sealed containers.
EWC waste code	EWC waste code: 080112 waste paint and varnish other than those mentioned in 08 01 11 Classified as hazardous waste: No
Other information	Not hazardous waste. Do not dispose in sewers systems and surface waters. Empty and well cleaned containers/bottles can be sent to combustion or sorted as plastic.

## SECTION 14: Transport information

Dangerous goods	No
-----------------	----

### 14.1. UN number

Comments	Not relevant.
----------	---------------

### 14.2. UN proper shipping name

Comments	Not relevant.
----------	---------------

**14.3. Transport hazard class(es)**

Comments	Not relevant.
----------	---------------

**14.4. Packing group**

Comments	Not relevant.
----------	---------------

**14.5. Environmental hazards**

Comments	Not relevant.
----------	---------------

**14.6. Special precautions for user**

Special safety precautions for user	None.
-------------------------------------	-------

**14.7. Transport in bulk according to Annex II of Marpol and the IBC Code****Additional information**

Additional information	None.
------------------------	-------

**SECTION 15: Regulatory information****15.1. Safety, health and environmental regulations / legislation specific for the substance or mixture**

Other labelling requirements	None.
Nanomaterial	No
References (laws/regulations)	European waste catalogue, CLP, Classification, Labelling and Packaging, (EC) nr 1272/2008

**15.2. Chemical safety assessment**

Chemical safety assessment performed	No
--------------------------------------	----

**SECTION 16: Other information**

List of relevant H-phrases (Section 2 and 3)	H315 Causes skin irritation. H319 Causes serious eye irritation. H412 Harmful to aquatic life with long lasting effects.
Abbreviations and acronyms used	CAS: Chemical Abstract Service. CLP: Classification, Labelling and Packaging TWA: Time Weighted Average ( 8 hours) TLV: Threshold Limit Value EWC: European Waste Catalogue. GHS: Globally Harmonized System.
Information added, deleted or revised	In section 9, information about VOC:s added.
Version	1
